MEDITECH 2024

In July, Saikang made a significant impact at the MEDITECH 2024 exhibition in Colombia, showcasing our latest medical technology advancements. The event provided a platform for Saikang Medical to demonstrate our commitment to advancing healthcare through cutting-edge solutions.

During the exhibition, we proudly launched a number of innovative products, including the V8v ICU bed, patient transportation trolley, therapy chair and other products. These advanced devices captured substantial interest from both attendees and industry experts.

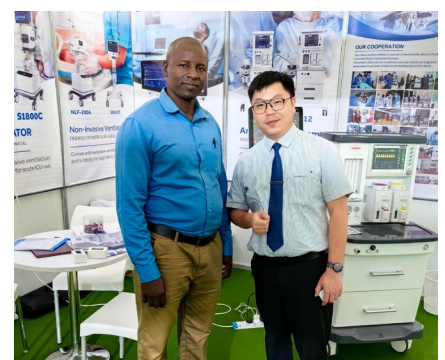

We appreciate the enthusiastic response we received at MEDITECH and look forward to future cooperation!

Great Success at Medic East Africa

In September, Saikang Medical participated in Medic East Africa 2024 Exhibition, the most influential medical industry event in East Africa. During the exhibition, Saikang not only demonstrated its cutting-edge technology, but also conducted in-depth exchanges and discussions with many international companies and industry experts.

Thanks to our dedicated team as their hard work and enthusiasm made our participation possible. Additionally, we are grateful to our customers and partners for their invaluable support and engagement, which inspired us to deliver high-quality medical equipment and drive innovation in the healthcare industry. With the joint efforts of Saikang team and the support of partners, we will contribute to building a healthier and better world.

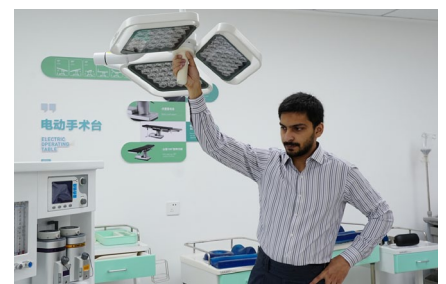

Customer visiting

In the past few months, Saikang welcomed a group of distinguished guests from all over the world. These friends who came from afar not only brought market insights and development needs from their respective countries, but also explored the infinite possibilities of future medical care with us with an open mind and professional perspective.

During the visit, customers showed great interest and admiration for the various technical achievements displayed by Saikang Medical. They believe that Saikang Medical's technology can effectively improve the quality and efficiency of medical services.

We sincerely thank every visiting customer for their trust and support! Saikang Medical looks forward to working hand in hand with you to move forward together on the road of medical technology innovation and contribute more to human health.

Thanks for **your trust!**

Across the vast lands of Togo, Saikang Medical has embarked on a groundbreaking mission with the United Nations to reshape healthcare. Over 5,000 hospital beds, mattresses, and bedside cabinets were delivered in just three short months—an achievement of staggering scale and efficiency.

UN project

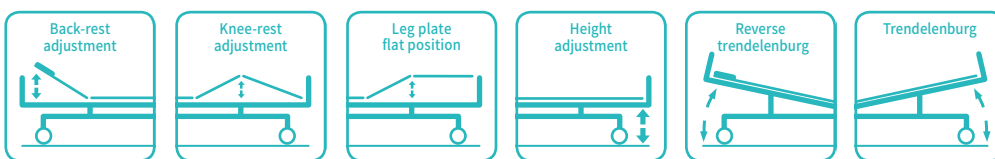

In Ethiopia, Saikang Medical undertook a project to equip a newly established hospital. We provided high-quality medical equipment tailored to the needs of various departments and executive furniture that promotes productivity and comfort for hospital staff.

Saikang Medical's collaboration enabled the hospital to provide high-quality medical services. The hospital has expressed satisfaction with our solutions.

In brief

Liangfeng High School Students Visit Saikang Medical

In July, students from Liangfeng Senior High School embarked on a meaningful career exploration journey. Under the theme of "Explore Careers, Meet the Future", this group of curious teenagers visited Jiangsu Saikang Medical Equipment Co., Ltd., experienced the charm of medical technology, and gained an in-depth understanding of the cutting-edge development of the medical industry.

Happy Mid-Autumn Festival!

During the Mid-Autumn Festival, which symbolizes reunion, Saikang Medical has specially prepared a warm Mid-Autumn gift for each employee. This not only allows everyone to feel the festive atmosphere but also reflects our recognition and gratitude for the hard work of every Saikang member. Wishing all Saikang family members a happy Mid-Autumn Festival!

MEDICA 2024 is coming

We are excited to invite you to join us at MEDICA 2024, taking place from 11-14, November in Messe Dusseldorf Hale 17, Germany. Saikang Medical will showcase our latest innovations at the exhibition. Visit us at Booth 17E20-1 to explore our cutting-edge medical equipment!
